

# **Radiography / Nuclear Medicine Technology Associate of Science Writing Instructions for Admission Essay**

Each applicant is required to write an essay as part of the admission process for the Radiography and Nuclear Medicine Technology programs. If you intend to apply to both programs, you will be required to submit separate essays, one for each program by the respective application deadlines.

Discuss the following:

- A. Your reasons for wanting to enter the Radiography or Nuclear Medicine Technology program.
- B. Your reasons for wanting to pursue this course of study at FHCHS, a faith-based institution, and beyond your education, your future career goals.
- C. Characteristics and abilities that qualify you for your chosen profession.
- D. Your motivation for choosing a career in Radiography or Nuclear Medicine Technology.
- E. Your perception of how radiologic technologists or nuclear medicine technologists contribute to health care and how your FHCHS education and experience will enable you to make such contributions.

Essays should be typed using Times New Roman, 12-point black font, 1-2 pages in length, double spaced with one inch margins. Essays are reviewed for clarity, correct spelling/grammar, and content.
